2–3E Search for books and journals in other university or institutional libraries

CiNii Books

<u>CiNii Books</u> is a database provided by National Institute of Informatics (NII). It allows searching for books and journals in university libraries in Japan. By using CiNii Books, you can have access to materials that Nagoya University Library does not possess.

How to Access

- 1. Open Nagoya University Library website <<u>https://www.nul.nagoya-u.ac.jp/index_e.html</u>>
- 2. In Quick Links select "Search Books and Journals", select "CiNii Books".

How to Search

If you enter keywords in search field and click on "Search" button, the materials matching the search criteria will be displayed.
